Q4 ESG + Culture Factsheet

Integrating Environmental, Social, and Governance (ESG) factors into the investment process has become common over the years, but a crucial and missing component within this is corporate culture. Whilst there is strong evidence showing that ESG leaders outperform their peers, we believe that companies with strong corporate cultures provide an additional driver of outperformance over the long-term. This fact sheet captures the state of the Mobius Investment Trust's portfolio at the end of Q4 2020 across four dimensions; 1. environmental, 2. social, 3. governance, and 4. culture.
